Dear Parent/Carer

### **Year 7 Induction Evening: 14 September 2021**

An important part of Heston's support package during the settling in process at the start of secondary school, is to upskill families to support their children. This will ensure our students can work more independently, thereby enabling stronger academic progress.

At Heston we would, usually, invite all our Year 7 students with their parents and carers to a face-to-face Parents' Evening at the start of the academic year. This year, however, the School will not host a face-to-face Transition Evening. Instead, we have prepared useful resources providing information to support your child.

A presentation will be available on the School's website. A text message with the link to the presentation will be sent on 14 September, to remind parents and carers to view the presentation that afternoon/evening. It will also be available on the website, thereafter.

The Year 7 Learning Coordinator, along with Curriculum Leaders from the core subjects, will provide invaluable advice to support your child's learning. In addition, our Literacy Lead will discuss the importance of reading and provide strategies to support you in developing your child's love of reading.

Please feel free to contact the School if you have any queries regarding this event. We look forward to working closely with you over the coming years to ensure that your child meets their future academic and employment goals.

Yours faithfully

Mr M Abdulla  
Learning Co-ordinator for Year 7
