Dear Parents/Carers

National Work Experience Week 25 – 29 April

Exposure to the world of work is an increasingly important tool to allow students to have an understanding of potential career pathways. The School is excited to inform parents that the week beginning Monday, 25 April 2022 has been designated as **National work Experience Week**.

A large number of well-known organisations representing a wide range of industries are providing this invaluable opportunity for students in Year 10 – 13 to access online work experience. Students are able to register their interest and can access the recorded events or are able to sign up and attend the live afternoon events.

CAREERMAP is the website hosting the National Work Experience Week and is a reputable careers information and guidance platform for school leavers and graduates. The link below will allow students to access the events running over the course of that week.

We hope that this will provide an opportunity for students to explore the world of work and help them to make decisions about their potential employment and career pathways.

Yours faithfully

Ms I Hall
